SUMMARY

Add-on to the existing WhatsApp AI Platform. Teaches the AI sales assistant to detect and handle 5 common sales objections naturally within conversations.

SETUP FEE

Objection Handling Module

R3,500.00

Response content design for 5 objection types, integration into existing AI prompt, and testing.

Total

R3,500.00

Optional Add-On:

Automated Follow-Up Reminders

+R2,000.00

Scheduled WhatsApp reminders for customers who need time to decide. Includes Meta template design and submission.

WHAT'S INCLUDED

- **Price Too High** — Empathy response, mobile data comparison, budget-friendly package recommendations
- **Comparing Providers** — Helps compare on speed, price, installation, and contract terms
- **Need to Think About It** — Saves recommended package to database for follow-up, no pressure
- **Already Have Fibre** — Explores upgrades, better value, or migration assistance
- **Relocating** — Collects new address, escalates to sales team for coverage check

Integrated into the existing AI workflow — no new accounts, services, or infrastructure required.

Timeline: 3-4 working days from acceptance. **Payment:** Full amount due on go-live.
